

Agri-Carbon Dialogue 2025

Unlocking the Transformative Potential
of Carbon Markets in Agriculture

30th July 2025 | New Delhi

Save the Date

The Agri-Carbon Dialogue, 2025 will convene leading voices from policy, business, and the field to explore how carbon markets can drive real change in Indian agriculture-by unlocking investments, rewarding regenerative agricultural practices, and creating long-term value for farmers and ecosystems alike.

Engaging Discussions on

Evolving policy
and regulatory
landscape for
carbon markets

Strategies to
de-risk
investments and
unlock finance

Evolving market
and trading
opportunities in
carbon markets

Transformative role
of technology in
MRV, traceability,
and scaling impact

Inspiring
success stories
and on-ground
innovations
